

THE STUDIO

C A P D I G I T A L

**A turnkey solution to
produce your live
events and filmed
interviews**

OFFER

The sanitary crisis has durably impacted the event sector. To help you **accelerate your events digitalization** and **efficiently produce your filmed interviews**, we propose **a turnkey solution**: Cap Digital's STUDIO.

Why should you use the studio?

Live event is the new standard.

Since the beginning of the crisis, habits and practices have deeply changed. Interactive, agile, less time consuming, live streaming events often federate larger public audiences than the physical events.

Maximise your events impact.

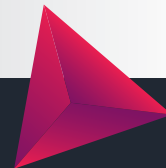

With the multi channel broadcast of your events, you can increase your chances of reaching your key audiences. And thanks to the replays, your events content remain accessible as long as you wish.

An agile and hybrid solution.

Do you plan to organise an event both streamed and physical? It's possible! Our studio can host your audience on-the-spot in addition to the live broadcast.

Premium facilities for your interviews.

Produce your filmed interviews in a brand-new studio, in Cap Digital's HQ, an "Eiffel" building located in Paris, 10th arrondissement.

PROFESSIONAL EQUIPMENT FOR INTEGRATED SOLUTION
